Business Office, Somerset Community College, January 2021-October 2022

KASFAA Duties

Charity Committee Chair 2025

Charity Committee member 2023 to present

Statement of Candidacy:

I am honored to be nominated for the 2-Year Sector Representative for KASFAA. Although I am relatively new to the financial aid profession, my experience guiding two children through the college process has provided me with valuable perspective from the parent viewpoint—insight that meaningfully informs the way I advise and support students.

As a KASFAA member, I have found the conferences to be incredibly beneficial. They provide critical updates on the ever-evolving landscape of financial aid while also fostering meaningful professional connections. Through these experiences, I have built a strong network of colleagues at colleges and universities across the state whom I can consult for guidance and collaboration.

Additionally, I deeply value KASFAA's commitment to community and service. The charitable initiatives at conferences are both inspiring and energizing, reflecting the supportive and engaging spirit of our organization. It is rare to find a professional association that balances professional excellence with such genuine camaraderie and enthusiasm.

I would be truly grateful for your support in this election. If selected to serve as the 2-Year Sector Representative, I will approach the role with dedication, enthusiasm, and a commitment to representing the unique perspectives and needs of our two-year institutions. I am eager to listen, collaborate, and contribute in ways that strengthen our organization and support our shared mission. I respectfully ask for your vote and the opportunity to serve KASFAA and its members.
